

## RENTAL INFORMATION

### Initial Check-Out:

All pilots are required to complete a rental check-out prior to renting DFC aircraft. All check-outs are aircraft type specific. Initial rental check-outs include the following:

- Open-book aircraft type exam
- Closed-book aircraft type exam
- Terminal airspace exam
- Customer operations open-book exam
- Dual flight\*
- Full load check (not required for C-152)

\*Rental check-outs are based on skill and safety level; flight times may vary with individual needs.

### Currency:

Pilots must have flown a DFC aircraft either dual, solo, or rental for a minimum of one hour within the time period specified below to maintain currency:

- 30 days for pilots with less than 200 hours
- 45 days for pilots with 200 or more hours
- An annual check ride is mandatory (regardless of currency)

### Re-Currency:

Pilots whose currency has lapsed will be required to complete a re-currency check-out. Re-currency check-outs include the following:

- 1-45 days out of currency
  - Closed-book aircraft type exam
  - Dual flight\*
- 46-364 days out of currency and annual checkout
  - All requirements listed above
  - Open-book aircraft type exam
  - Terminal airspace exam
  - Full load check (not required for C-152)

\*Re-currency check-outs are based on skill and safety level; flight times may vary with individual needs.

### Night Currency:

To be considered current at night, pilots must fly at least one-half hour dual or solo on DFC aircraft within 90 days.\* Night currency/re-currency check-out flights include the following:\*\*

- Navigation exercise(s)
- 2 night landings
- Night overshoot

\*Pilots must also have flown at least one hour within their regular currency period.

\*\*Night currency/re-currency check-outs are based on skill and safety level; flight times may vary with individual needs.
